TITRE	Silicone
DESCRIPTION	Silicone alkoxy monocomposant pour comp. électr. (transp & fluide)
NOM	LOCTITE SI 5140
CONDITIONNEMENT	Tube 75 ml
COMMENTAIRE	
APPROBATION*	Santé & Sécurité

Description

LOCTITE® SI 5140 is a translucent to milky white, viscous, alkoxy silicone potting compound and sealant liquid. The product is suitable for various electronic, military and industrial components. It resists weathering, moisture and ozone. LOCTITE® SI 5140 is also non-corrosive and self-leveling, and enhances the load-bearing and shock-absorbing characteristics of the bond area.

Avantages

Can be used for potting, coating or sealing
Resists weathering, moisture and ozone
Non-corrosive
Self-leveling
Cures by room temperature vulcanizing
Enhances load-bearing and shock-absorbing characteristics of the bond

Caractéristiques

Silicone translucent/milky white potting compound and sealant. Retains properties even in severe environments.
